## eWON Serial Number Structure and Type Identification

eWON Serial Number: **0607-0003-88**

The first 4 digits denote the production year and week. (**0607 = YYWW**)

The next 4 digits represents a sequential production number. (**0003**)

The last 2 digits denote the product code which identify the eWON type. (**88 = eWON 4001**)

You can find the Serial Number of your eWON:

- on the identification label placed at the left hand side of the housing
- on the eWON Information web page (opened by a mouse-click on the eWON logo)
- in the eWON Diagnostic pages (under Status / Info menu)

### List of existing product codes:
